I had a wonderful kedarkantha trek. This was my first solo trek and Mahabir bhaiya and his family made every effort to make it a comfortable one for me. I stayed at their homestay working from pahad and eating delicious home cooked food. The trek was equally comfortable... Got snowfall for straight 7 hrs at Juda, did a wonderful summit with beautiful clear skies and back to the homestay for a hot shower and comfortable bed. They gave me room and a mesmerizing window view which I enjoyed all the while working. Additionally if you forget anything from your trekking needs... Don't fear... They have everything available at their homestay to rent from. And now that jio network works very well... All has been taken care of. I will definitely go back to this homestay whenever I visit Sankri the next time.

One of the best trekking companies of Uttarakhand. Their service has been amazing and made all of us feel like we are at home. Right from their pickup from Dehradun, we were greeted by their staff a taxi was arranged for us to reach Sankri. On reaching sankri, we were provided clean rooms. Our trek leader gave us a detailed briefing. Right from the start of the trek, our trek Leader Musafir motivated our group. Food has been excellent throughout the entire trek. Bathroom tents were neat. Utmost care was taken by the trek team to make sure all the individuals are comfortable throughout the journey. Regular BP checks and oxygen level checks were done to ensure our safety. They have an excellent on-ground team to make every trek the best one for all. I hope trip on Himalaya continues to give this level of service to all their clients.
